## **Dear prospective member**

Thank you for your interest in becoming a member of the Early American Motorcycle Club Inc. which was founded in 1999. Please read the following before submitting your application for membership.

**The objective of the Club is to promote the restoration and use of early American made motorcycles manufactured prior to and including the year date 1966.**

The main emphasis of the Club is for social activities to be enjoyed with people of similar interests. Our rides are fun, easy paced and relaxed. The Committee proposes a Calendar of Events. These events include short and long rides. The short rides are to encourage members who have older and perhaps slower machines. Some rides will take longer than other club rides as many of our machines are more powerful and faster. All members are encouraged to attend both short and long rides. The Calendar of Events includes a skills riding fun event as part of our A.G.M, a two day event at Bunbury and rides to places of interest such as York, Bindoon, Chittering Valley, Gingin, Swan Valley and longer journeys down south. We also participate in the Fremantle Festival and other incidental show and shine opportunities.

Other major emphases of the Club are machine maintenance, rider safe practices and positive personal behaviour.

The Club publishes a monthly magazine called **Flatchat**. In this magazine is a published recent Committee Meeting minutes, Calendar of Events, Ride coordinator's report, write ups and photos of recent events and technical tips.

Members may invite guests to attend rides. Members should apprise guests of the objective of the Club. It is not a requirement of the club for a member or guest to own a pre 1966 machine but it is encouraged.

If you think this Club is for you then please complete the application form below.

I \_\_\_\_\_ am applying for Membership to  
the **Early American Motorcycle Club Inc.**

I understand and agree that my name will be published to all club members for a period of one month. I acknowledge that this time period is for any objections to me becoming a member. I enclose \$20 application fee. Should I be accepted as a member I acknowledge that I am liable for membership dues before 31 December each year (currently \$35). Therefore to be a member I am due for \$55 in total. I acknowledge that my motorcycle must be initially examined and that I must be a financial member to take advantage of Concessional Licensing (404) provisions. I will make myself familiar with the Club's constitution.
