

Early American Motorcycle Club

Inspection Day 2011 No Show form.

If for any reason you can not present your bike or bikes on the 6 March or have not been able to arrange an alternative inspection with the EAMC Vehicle Examiner, Bill Walton, then you must complete this form and return it to the Club Secretary.

If you do not advise the Vehicle Examiner of the state of your bike or present it for inspection, the Vehicle Examiner will advise the Dept. Planning and Infrastructure that the bike has not been inspected as per the requirements of the Concessional Licence register, and the vehicle will be removed from the register.

If your bike is not examined then you are ineligible to participate in Club or associated events.
